BOLD AND SOPHISTICATED
EXECUTIVE DESK

MATERIAL

Huron executive desk is produced with E1 Grade wood panels that ensures low formaldehyde emission, safe to use for indoor furniture and not hazardous to health. Metal frames are hairline polished to give a natural bright and clean highlight to Huron.

E1 E1 emission standards are well-known in the wood panel industry, and have been used for years. Wood panel adhesives that meet E1 formaldehyde standards have less than 0.75 formaldehyde parts per million (ppm).

PROCESS

Extra care is given during production of Huron executive desk. Automated machinery are utilised to ensure precision and consistency in Huron components. Every termination and joinery are inspected to ensure neat finishes are presented to the final product. We strive to deliver Huron's Bold Sophistication.
